

Comparative and European Public Law - Written Test 4.12.2025

Results

Please remember:

1. You can either accept the grade and have it registered straightforward or try the oral exam to improve it.
2. You can have the grade registered simply by registering on Infostud for any of the scheduled call and present themselves for the registration in presence. In case of absolute impossibility (i.e. Erasmus students concluding their stay), write me an email asking for the registration (but you need to register on Infostud anyway).
3. You can as well refuse the grade and take the full exam just orally.
4. Reporting a grade with a “+” means that it is recommended to present to improve the grade (but you can try to improve the grade in any case).
5. Those who scored 30 can present themselves for a further question for honors.
6. For those who haven't already registered for the call scheduled on Dec. 11th, I will re-open the call until Dec. 9th.
7. The call will start at 9 a.m. in the room that will be displayed in the Faculty's hall.
8. For any further information you can send an email to angelo.schillaci@uniroma1.it

Student Number <i>(in ascending order)</i>	Grade
1986038	28
