TPVES

A practical guide for students of Medicine and Surgery “F”

What?
Why?
How?
When?

TPVES: What?

Tirocinio Pratico Valutativo per l'Esame di Stato

Practical Evaluating Internship for the State Exam

TPVES: Why?

The completion of the single-cycle Master's degree in Medicine and Surgery qualifies to practice as a Medical Doctor, provided that the graduate has obtained a suitability assessment for the pre-graduation internship (*i.e. the TPVES*).

TPVES: How?

You have to complete 3 internships, of 100 hours each (\approx 1 month):

1. Medical Internship
2. Surgical Internship
3. General Practitioner Internship

For each internship you will be provided with a booklet to fill daily with a description of the activities performed.

At the end of each internship your Tutor (a Professor in the assigned ward) will evaluate you based on the parameters indicated at the end of the booklet.

TPVES: How?

When the call to sign up for the internship opens, you will be informed by the administration, but you can always consult this website to check:

<https://corsidilaurea.uniroma1.it/it/corso/2023/30893/news-avvisi>

TIPOLOGIA TPVES	N.ro CFU in F	SSD	DOCENTE
